

INFORMATION – ensuring that cyber resilience is underpinned by strong and effective information assurance and information governance

DESIGN PRINCIPLES

- **Have a robust Information Assurance policy**
- **Ensure you have effective training for both leaders and staff**
- **Regularly access and use published Data Handling guidance**
- **Develop a culture of trust, both within and beyond your organisation**

Think Cyber Think Resilience

Information		
DOCUMENTATION		
Name	Link	Description
CESG Information Assurance Maturity Model and Assessment Framework (GPG 40)	<u>Here</u>	This guidance provides advice on how to use the IAMM and IAAF as part of an enterprise approach to improving IA. The content remains current, although may contain references to legacy policy and classifications
CESG Improving Information Assurance at the Enterprise Level (GPG 28)	<u>Here</u>	This guidance shares lessons in driving improvement in IA at the Enterprise level. It supports the IA Maturity Model.
Information Assurance and Cyber Security training, the national archives	<u>Here</u>	The National Archives is responsible for delivering a training and engagement programme for Senior Information Risk Owners (SIRO), Information Asset Owners (IAO), non-executive directors, board and audit committee members across the public sector. The programme is sponsored by the Office of Cyber Security and Information Assurance in the Cabinet Office and forms part of the National Cyber Security Programme.
'Responsible for Information' for SMEs	<u>Here</u>	'Responsible for Information' is a free e-learning course aimed at staff in micro, small and medium-sized enterprises (SMEs). It helps employees and business owners to understand information security and associated risks, and it provides good practice examples and an introduction to protection against fraud and cyber-crime.
Local Public Services Data Handling Guidelines	<u>Here</u>	These guidelines, produced by National Local Authority Warning, Advice and Reporting Point (NLAARP) programme, in conjunction with the LGA, Socitm, the Welsh Government and the PSN team, provides information to organisations connecting to, and consuming services across, the Public Services Network (PSN).
